## Interior & Exterior Design Tools

**It All Begins with a Great Plan!**  
Your client's perfect indoor living space can be fun to design and visualize. Quickly create the virtual look and feel for the kitchen, bath, entryway, or master bedroom with Chief Architect.

- A** Auto Dormer™ – Click to place a variety of dormer styles
- B** Material Painter® – Point-and-click to change colors and materials
- C** Stair Designer™ tools – Create a variety of stair designs
- D** Smart Objects – Customize and detail any object in your design

**Room Finish Schedule**  
Generate room finish schedules for room dimensions, ceiling heights, moldings, wall coverings, and flooring materials.

**Customize Doors & Windows**  
Easily choose and customize doors and windows for that perfect look with colors, moldings, styles, shape, dimensions, and more. Choose or assign name-brands.

**Design for Any Room**

- Bathrooms
- Bedrooms
- Living Rooms
- Theater & Media Rooms
- Laundry / Mud / Craft Rooms
- Stairs & Ramps

**Design Objects**  
Drag-and-drop from thousands of design objects in the built-in Library organized by category. Create or import your own custom Libraries to detail your designs.

**Name-Brand Catalogs**  
Download manufacturer catalogs for windows, doors, cabinets, fixtures, paints, tiles, and more to use name-brand products in your design.

**Colors, Materials & Textures**  
Point-and-click to choose from unlimited colors and textures with the Material Painter® or you can create your own with the Color Chooser.™

**Furniture & Accessories**  
Choose from a variety of interior and exterior items – including chairs, tables, sofas, sinks, or import your own. Resize, change colors and materials for your exact needs.

**Millwork & Moldings**  
Creating detailed millwork in your design is easy – choose from the built in Library or draw your own molding profile and the program will automatically generate the 3D model.
